

## 2023 HEALTH RESEARCH CONFERENCE DETAILS FOR PRESENTERS: RAPID-FIRE SESSION

### About your session:

- Rapid Fires are a great opportunity to showcase your research in a different manner than a poster. Think of an elevator pitch when presenting your research.
- This session will be taking place on **Saturday, November 4<sup>th</sup> at 11:15 am.**
- There are 10 presenters scheduled in your session. The moderator will introduce each presenter.
- Each presenter will be allotted 3 minutes. Timing will be strictly enforced.
- Each presenter will be allowed 1 still slide with no animations.
- No time will be given for questions.
- The Rapid-Fire Session is for all participants. Keep in mind that the audience will contain a broad scope of interests ranging from basic biomedical to clinical and psychosocial research covering all areas of health.
- There will be awards for the top 3 Rapid Fire Presentations.
- An overview of the conference schedule can be found on the [conference landing page](#).

### Tips for creating your 1-slide:

- Be creative.
- Don't overcrowd your slide
- Make sure your slide is legible, clear, and concise.
- Be mindful of the colours, font type and size you use.
- **Do not** rely on your slide to convey your message – it should complement your talk.
- **Do not** use the poster that you will be presenting during the poster session as the slide for rapid fire.

### Important logistics for the conference day:

- Presenters are asked to bring a jump drive/usb key with their slide in PowerPoint format (.ppt or .pptx).

- Save the slide using the last name of the presenting author as the file name followed by 'Rapid Fire'. Ex. "Presenter Name\_Rapid Fire.ppt".
- We will be using a PC and therefore ask Mac users to test their slide on a PC beforehand.
- Presenters need to bring their slide to the WE-SPARK registration table before the conference begins (**Saturday, November 4<sup>th</sup> from 8 to 8:55 am**).

**For inquiries:**

**Dr. Kyle Jackson**, Rapid-Fire Lead
